

Yishen Xuan

yxuan@xilinnschinese.org

Graduated from Northeastern University, Shenyang, China with Bachelor Degree in Economics. I had more than six years of teaching experience in both Chinese school and Sunday school in Berkeley and Chicago. With the passion for teaching the Chinese Language and culture, I developed a unique way to motivate and guide younger children in learning Chinese Language. Each lesson is carefully planned by utilizing various learning resources, accompanied by colorful and stimulating illustrations, power point slide shows, fun activities, and crafts that they can easily relate to basic Chinese to make learning Chinese fun.
